DRAFT-DELIBERATIVE

Helen,

Thanks for setting up today's call so well.

It was brought to my attention to clarify that as the Region reviews the 9-page analysis discussed today, the Region could identify areas where results from "Helen's analysis" would be inserted, and the Region could provide such text suggestions (consistent with item #3 in the overview, "Folding in Helen's...", page 1) .

Draft – Deliberative

Helen,

Attached please find materials for the 4:00 pm Eastern call today:

1. Messaging paper (with number 6 added this morning)
2. Pend Oreille Analysis: Approaches to Enhancing the Pend Oreille Temperature TMDL

Please share these with Region 10 folks on the call today.

Look forward to speaking with you later!

Sarah
